#### A CUSTOMER'S REVIEW:

Rating: 

City: Arlington, TX

Project: Trees and Shrubs - Trim or Remove

"Tree Climbers came out and evaluated the tree limb that needed to be cut down. They gave me a fair price and told me that there was a two week waiting period because of all the damage done in my area due to the high winds we had been getting. They came in less than 2 weeks and cut it into fireplace size for me. We will definitely call them again."

Project: Trees and Shrubs - Trim or Remove

"They were very neat, quick and polite. I would highly recommend Rueben to all of my friends and family. He was great, a couple of at-home neighbors commented on how polite and efficient his crew was, too. We are VERY HAPPY with how well they trimmed our trees in our yard! Thanks, Mary "

**Project:** Trees and Shrubs - Trim or Remove

"Overall, best price, prompt professional service, great job on removing trees / stumps and cleanup. Returned my phone call promptly while other companies took a day or two to get back or didn't return my call at all (could be due to volume of tree removal work due to severe storm in our area). Best price of three companies I was able to contact. Once I decided to go with TreeClimbers, Ruben was able to arrange his schedule and complete the job in a couple of days. The crew worked very quickly, within three hours they had removed two huge Bradford pear trees, all the fallen branches, stumps and complete cleanup of the yard. "

**Project:** Trees and Shrubs - Trim or Remove

"They were the first to respond to my request for service even though contacted later than other. Beat 4 other quotes for the required work. Had two trees removed and one oak tree pruned for the first time in 27 years. Workers were professional and polite. Was always notified when they would be coming out. Would recommend to family and friends."

**Project:** Trees and Shrubs - Trim or Remove

"The team did excellent work. I have an old tree which had been shedding larger size limbs (width of my arm or greater), and I wanted to clean it up. I was very pleased with the results of the work, and wish that I had contacted a tree surgery company several years earlier than I did. Yes, I would recommend this company. (By the way, the other companies were very quick to respond to my inquiry. I am sure that they would have done high quality work as well.)"

**Customer Rating:** ★★★★★

**Project:** Trees and Shrubs - Trim or Remove

"Ruben and his crew did a great job on trimming several crape myrtles, an oleander that had grown way out of bounds, the removal of several shrubs, a tree and a wisteria that had wound itself around the fence. They removed all the debris and left the yard in great shape. We were very pleased with his work and the price he quoted. We will call him again when we need work done and will recommend him highly to our friends and neighbors. "

**Project:** Trees and Shrubs - Trim or Remove

"I can't stress enough how satisfied with his work. He's a great guy to work with, meets his commitments when he says he will and did an amazing job removing a perilously tall dead tree from next to our home. He saved us so much money, compared to all other bids we gathered, that we have asked him to come back to do some additional work for us. Call him and you won't be sorry."

**Project:** Trees and Shrubs - Trim or Remove

"We had two large dead photemias removed and a small brush pile hauled away. We hired a pro because the bushes were tangled in the overhead wires. although they removed the bushes and hauled off the brush, the back yard was left covered with debris. I had been under the impression that they would clean up the leaves and twigs left from the removal before they left, but they did not."
